V1: Vote Overview

I. Vote Mission Statement

A responsive, sustainable health system that is positioned to respond to current and future public health challenges, and protects and promotes the health and wellbeing of all the people in Uganda.

II. Strategic Objective

- 1. Ensure effective health sector governance, management and coordination for Universal Health Coverage.
- 2. Improve equitable access to nationally coordinated services for communicable and non-communicable disease / conditions prevention and control.
- 3. Ensure effective disease surveillance, disaster response and epidemic control.
- 4. Strengthen human resources for health management and development.
- 5. Enhance the functionality and adequacy of health infrastructure, medical equipment and logistics.
- 6. Enhance research, innovation and technology development for health.

III. Major Achievements in 2020/21

- 1. Renovated and equipped Mandela National Stadium for Covid-19 Case management. Assessed the level of preparedness and prepared 14 regional referrals and 11 general hospitals for Covid-19 response. Disseminated Covid-19 treatment guidelines across the country and trained national trainers on management of Covid-19 cases.
- 2. Set up Intensive Care Units in the 14 Regional Referral Hospitals (3 are operational; Jinja, Mbarara and Lacor).
- 3. Established the regional ambulance service system (procured and deployed 20 ambulances)
- 4. Trained National, Regional and District trainers on management of COVID-19 to create a critical mass of Health Care Workers for the COVID-19 National Response
- 5. MoH Support Supervision Strategy (2019/20 to 2024/25) and Support Supervision guidelines, MoH Patient Rights and Responsibilities Charter and Client Charter were disseminated to stakeholders.
- 6. Conducted Quality Improvement support supervision visits conducted to 35 districts and report was shared during the review meeting
- 7. Technical support supervision undertaken to 3 National and 14 Regional Referral Hospitals and 12 General Hospitals covering health infrastructure.
- 8. Completed all documentation and designs (Architectural Drawings, Structural Drawings, Bills of Quantities and Standard Bid Documents) for the upgrade of 64 HCIIs to IIIs under the Inter-Governmental Fiscal Transfers Project (UGIFT)
- 9. TB treatment coverage; 15,712(68% M, 32% F) new TB cases were identified in the first quarter. This represents of the 85% of the expected quarterly cases of whom 12% were children. 15% of the cases were contacts of TB patients and other key risk groups were tobacco users, fisher folks, prisoners and refugees. Procured, engraved, and installed 4 Xpert machines in Uganda prison services (Mbarara Prison, Gulu Prison, Jinja Prison & Katojo) to facilitate timely diagnosis and treatment initiation among the inmates. Supervision was conduct for HCWs on X-ray use for TB management in the Coverage of TB preventive therapy for contacts of TB patients and people living with HIV was 36% and 100% respectively
- 10. National Malaria Control Division as part of prevention protected 16,982,833 people with 9,283,508 long lasting insecticide treated nets. In addition, 5,936,597 clients with fever received diagnostic tests for malaria and 3,683,984 patients received treatment for malaria. 1,528,512 doses of SP/Fansidar were given to pregnant women to prevent them from getting Malaria. The pregnant women attending antenatal care also received 243,601 nets. 205425 children below 5 years. The National Malaria Control Division secured funding worth 263,036,635 million dollars from the Global fund to support the implementation of the malaria strategic plan for 3 years from 2021.
- 11. Conducted 10 fistula camps in eight hospitals and two HC IVs where a total of 270 patients with fistula were repaired. Fistula HMIS registers were distributed to the above-mentioned sites.
- 12. Large size screens for viewing CCTV footage were procured and the reception area partitioned to create a room for CCTV monitoring by security personnel; Upgraded the CCTV system from DVR to NVR of 32 channel (digital to IP); Upgraded the HRIS and provided technical support to all districts and RRH countrywide and Supported the development of the HFQAP system for SCAAP Department.
- 13. Commenced development of the Health Land Information System to assist in maintenance of accurate data on all Ministry of Health land.

IV. Medium Term Plans

- 1. Continue to invest in prevention and control of Non-Communicable and Communicable Diseases with focus on high burden diseases (HIV/ AIDS, TB, Malaria, Neglected Tropical Disease) and epidemic prone diseases. Emphasis on expansion of community level health promotion, education and prevention services to reduce exposure to communicable and non communicable conditions risks.
- 2. Improving the functionality of health facilities at all levels (HR, finance, medicines health supplies and management, policy and regulation).
- 3. Improving immunization coverage and reducing zero dose children
- 4. Improving cold chain functionality
- 5. Continue to invest in research and product development of new standardized herbal therapies for commercialization and Strengthen the role of operational research in health service delivery
- 6. Improve the functionality of the institutional laboratories by acquiring new equipment and research tools.
- 7. Initiate commencement of the operationalization of the Traditional and Complementary Medicine (TCM) Act, 2019.
- 8. Develop a Programme for the provision of sustainable chlorine/ decontaminant needs for health facilities
- 9. Improve medical waste management in health facilities
- 10. Undertake technical support supervision at all levels of health care and provide capacity building of service providers.
- 11. Continue to empower ADHOs, (MCH) and SPNOs to conduct support supervision on nursing and midwifery services in their respective districts and catchment areas
- 12. Operationalize the nursing and midwifery structures from MoH up to the referral hospitals using the scheme of service for nurses and midwives, support supervision and mentoring of school nurses.
- 13. Build the first aid capacity at household and community level,
- 14. Strengthen medical first responder capacity at health facility level
- 15. Establishment of Emergency and Trauma center (Naguru and Albertine region), Advanced Life Support Training Centers across all the regions and national medical disaster response capacity.
- 16. Standardization and consolidation of capital development projects countrywide
- 17. Undertake stock taking of Government Health infrastructure.
- 18. Installation of new ICU Equipment and its functionalization in 14 RRH
- 19. Upgrade of 126 HC IIs to HC IIIs (components 126 General ward/maternity, 252 staff houses) under UgIFT

VIII. Sub-SubProgramme Performance and Medium Term Plans

Table V8.1: Sub-SubProgramme Outcome and Outcome Indicators

Sub-SubProgramme: 01 Health Governance and Regulation

Objective: To Improve quality of health care and patient safety

Responsible Officer: Permanent Secretary, Ministry of Health

Outcome: Conduct regular health sector performance review, monitoring and evaluation.

1. Improved level of sector collaboration and partnership

| | Performance Targets | | | | | | |

X. Vote Challenges and Plans To Improve Performance

Vote Challenges

- 1. Huge disease burden owing to mainly malaria, new-born conditions and growing number of NCDs.
- 2. Inadequate staffing at all levels a significant number of posts are not filled and current staffing norms not commensurate with the services provided and workload.
- 3. Client perception of quality of services is very poor.
- 4. Lack of blood transfusion services close to 50% of the HC IVs.
- 5. Inadequacy in the maintenance of medical equipment nationwide.
- 6. Management of various disease outbreaks and public health emergencies is not equitably funded for example current influx of refugees into the country and internally displaced persons puts pressure on existing resources and is a risk of importation of vaccine preventable diseases.
- 7. Poor governance and management practices at health facilities.
- 8. Stocks outs of key commodities at facility level owing to inadequate budget allocation for EMHS.
- 9. There is inadequate funding for sector activities especially PHC Services at lower level leading to influx of patients at the referral facilities.

Plans to improve Vote Performance

- a) Investment in health promotion and disease prevention interventions, for example the VHTs and CHEWs, since 75% of the diseases are preventable.
- b) The staffing norms for the health facility staff should be revised to take into consideration the growing population and range of services provided.
- c) Prioritize equipping and accreditation of HC IVs to provide blood transfusion for improving EmONC.
- d) Increased focus on maintenance of medical equipment including training and recruitment of Biomedical Engineers.
- e) Advocacy for financing of the Refugee Health and Nutrition Plan from contingency funds at district and national level for epidemic response.
- f) Strengthen supervision and mentorship of the Local Governments and health facilities.
- g) Continue to improve infrastructure including staff accommodation.
- h) Improve data collection, analysis and use at sub national level and point of collection through digitisation of data management processes (EMRS), training and mentorship.
- i) Improve coordination of donors and ensuring alignment to country strategies to the Paris Declaration principles for more aid effectiveness.

XI Off Budget Support

Table 11.1 Off-Budget Support by Department and Project

| Billion Uganda Shillings | 2020/21 Approved Budget | 2021/22 Draft Estimates |
|--|----------------------------|----------------------------|

| Recurrent Budget Estimates | | |
| 16 Emergency Medical Services | 0.00 | 0.30 |
| 526-Korea S. (Rep) | 0.00 | 0.30 |
| Total for Vote | 0.00 | 7.80 |

XII. Vote Cross Cutting Policy And Other Budgetary Issues

Table 12.1: Cross- Cutting Policy Issues

| Issue Type: | HIV/AIDS |
|-------------------------------------|--|
| Objective : | Reduction of HIV and AIDS |
| Issue of Concern: | The increasing HIV/AIDs prevalence |
| Planned Interventions : | The HIV care and treatment program has been scaled up. The number of centers providing ART services currently is 1,830. The ministry will continue to spread awareness on HIV/AIDs prevention, control and treatment. |
| Budget Allocation (Billion): | 8.000 |
| Performance Indicators: | Number of individuals tested. Number of HIV-tested individuals treated. Number of condoms procured. Number of condoms distributed. |
| Issue Type: | Gender |
| Objective : | Gender equity compliance |
| Issue of Concern: | Difficulty in accessing Health services in some part of the country |
| Planned Interventions : | Health infrastructure designs reviewed to make structural considerations for: pregnant mothers, mothers with disabilities Special consideration to be made for populations in hard to reach areas |
| Budget Allocation (Billion): | 4.000 |
| Performance Indicators: | Proportion of the functional health Centre IVs (offering caesarian and blood transfusion section) Proportion of sub counties with functional HC IIIs Proportion of functional imaging and radiography equipment in hospitals |
| Issue Type: | Enviroment |
| Objective : | Reduction of environmental degradation |
| Issue of Concern : | High disease burden, of which, 70% is preventable through proper hygiene and sanitation |
| Planned Interventions : | Functionalization of the National Sanitation Working Group. Promotion of environmentally friendly energy sources e.g. solar & water harvesting in Health Facilities |
| Budget Allocation (Billion): | 4.000 |
| Performance Indicators: | Number of Villages declared Open Defecation free. Number of Hand washing facilities at rural Latrines |
