Quarter 4

Performance highlights for the Quarter

The following achievements were registered in the quarter

Diagnostic services  
2,048 x-rays done,  
2,054 Ultra sound scans done,  
148 CT scans done,  
43,857 Laboratory examinations done,

Protection of childhood diseases provided by Immunizing  
4,674 Children  
1,381 Mothers,

Inpatient services  
5,529 admissions,  
5 days average length of stay,  
65% Bed occupancy rate,  
1,002 Surgical Operations,  
1,970 deliveries,  
1,568 Referrals in,

Essential medicine and supplies procured worth UGX 671,593,008,  
1 Medicines and Therapeutic Committee meeting held.

General Outpatient Services,  
20,948 General OPD attendance,  
17,062 Specialized OPD attendance,  
2,636 Referrals in,

Preventive services  
312 Family Planning contacts,  
1,342 Antenatal care attendance,

Internal Audit  
1 stock and 1 audit report produced,

Human Resource  
1 training committee meeting held,  
1 Rewards and sanctions session held,

Records Management  
3 HMIS Reports submitted,  
1 HMIS Report submitted,  
100% Outpatient and 95% Inpatient units using EMR system.  
85% of staff trained and able to use the EMR.

Medical Equipment Maintenance  
One Inventory report produced,  
Medical equipment inventory updated,  
One User Training session conducted,  
One round of Medical Equipment Maintenance conducted

HIV/ TB care

# VOTE: 403 Arua Hospital

Quarter 4

97% New HIV Clients enrolled in care,  
95% Viral load suppression rate,  
Thirty Three Clients offered PEP,  
HCT provided to 6,521 Clients,  
PCR for EID done for 21 children,  
Fifty New HIV positive Clients Identified,  
One Hundred and seven TB patients registered,  
100% TB patients started on treatment,  
74% TB Treatment Success rate achieved,

Management and Support Services

Held 1 Quarterly performance review, 1 Hospital Management meeting, 10 Department Meetings, 1 Senior Staff Meeting held.  
Retooling Project

Rehabilitation of One pond of the Hospital Lagoon completed  
Fabrication of trolleys for EMR roll out completed, trolleys delivered and deployed to wards and units,  
Renovation of Orthopaedic ward completed,

## Variances and Challenges

The following challenges affected services delivery by the hospital.

1. Service delivery continued to be affected by inadequate staffing levels, a number of staff having retired, transferred or died and the process of recruitment to fill the gaps takes longer than expected.
2. The high number of refugees receiving medical services from the hospital: about 4% of the total inpatient admissions and total OPD attendance were non nationals and refugees. This has had implications on the hospital plan and budget.
3. Supply of medicines & supplies and specialist equipment could not match the demand most of the time in the quarter and this affected performance of hospital planned outputs like immunization, outpatient attendance, and diagnostics among others.
4. Power supply from the provider (WENRECO) was fairly stable in the quarter however a lot of arrears have been accumulated from electricity and water suppliers.

| Programme Intervention: 12030114 Reduce the burden of communicable diseases with focus on high burden diseases (Malaria, HIV/AIDS, TB, Neglected Tropical Diseases, Hepatitis), epidemic prone diseases and malnutrition across all age groups emphasizing Primary Health Care Approach |                                                                               |                                                                                                                                                                                                                       |
| Inpatient services provided to 5250 patients                                                                                                                                                                                                                                            | Inpatient services provided to 5,529 patients                                 | No significant variation. The admissions could have been more and was affected by fact that ENT/Eye had no admissions and surgeries from November 2024 to June 2025 due to renovation works taking place on the ward. |
| Patients admitted on the wards expected to take 4 days.                                                                                                                                                                                                                                 | Patients admitted on the wards took 5 days.                                   | The increased number of surgical procedures meant those patients taking long on the ward.                                                                                                                             |
| The rate of occupancy of hospital bed expected to 85%                                                                                                                                                                                                                                   | The rate of occupancy of hospital bed was 65%                                 | ENT/Eye had no admissions and surgeries from November 2024 to June 2025 due to renovation works taking place on the ward.                                                                                             |
| Surgical Operation expected to be done 1,000 patients                                                                                                                                                                                                                                   | Surgical Operation done to 1,002 patients                                     | The hospital hosted an eye surgical camp supported by Lions Aid International in the month of September 2024.                                                                                                         |
| The expects to hospital deliver 1500 mothers.                                                                                                                                                                                                                                           | The hospital delivered 1,970 mothers.                                         | More referrals to the maternity unit for mothers that needed opinion and attention of the specialists.                                                                                                                |
| The hospital expects to receive 1,250 Inpatient Referrals from Lower Health Facilities.                                                                                                                                                                                                 | The hospital received 1,568 Inpatient Referrals from Lower Health Facilities. | No significant variation                                                                                                                                                                                              |

| Objective:                   | To have equal access to health services despite gender, age and social economic status.                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
| Issue of Concern:            | 1. Incidents of maternal and neonatal mortality,<br>2. Undocumented domestic violence cases,<br>3. Low attendance to family planning,<br>4. Low male involvement in family planning.<br>5. Difficulty faced by People with disabilities accessing services.                                                                                                                                                                                                                                                                                       |
| Planned Interventions:       | 1. Improve patient care, access & early diagnosis,<br>2. Cancer screening, treatment & managing victims of SGBV & other forms of violence against women,<br>3. Run adolescent friendly services,<br>4. Support the deaf, the blind others i.e. use of interpreters etc.                                                                                                                                                                                                                                                                           |
| Budget Allocation (Billion): | 0.027                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
| Performance Indicators:      | 1. No. of youth attending youth friendly services,<br>2. No. of Family Planning contacts including males,<br>3. No. of ANC attendance<br>4. No. of GBV cases treated.<br>5. No. of Women screened for Cancer,<br>6. No of Key populations accessing services.                                                                                                                                                                                                                                                                                     |
| Actual Expenditure By End Q4 | 0.027                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
| Performance as of End of Q4  | The Hospital provided Family Planning Service to 1,869 clients (old and new). The Hospital provided Antenatal Care to 14,697 Pregnant Mothers. Protection against childhood. diseases/ infections provided by Immunizing 19,703 Children. Protection against diseases/ infections provided by Immunizing 4,859 Mothers.                                                                                                                                                                                                                           |
| Reasons for Variations       | There was inadequate supply of commodities that contributed to the low output. There were stock out of family planning methods including Depo, implants (Jadell Implanon) among others in quarter 2 to quarter 4. The was high turnout for antenatal care due to outreaches conducted in the month of August and appreciation of services at the clinic by mothers. The ministry of health + campaign contributed to the hight output of children immunized. A number of mothers came for services having had immunization from other facilities. |

ii) HIV/AIDS

|                              |                                                                                                                                                                                                                                                                         |
|------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Objective:                   | To Provide comprehensive HIV/AIDs services.                                                                                                                                                                                                                             |
| Issue of Concern:            | There is still high prevalence of HIV in the community and low adherence to HAART                                                                                                                                                                                       |
| Planned Interventions:       | 1. Proper patient care for opportunistic infections, early diagnosis, HIV counselling and testing,<br>2. Anti-retroviral treatment, eMTCT, post-exposure prophylaxis.<br>3. Health education of HIV/AID both in the hospital and community.                             |
| Budget Allocation (Billion): | 0.000                                                                                                                                                                                                                                                                   |
| Performance Indicators:      | 1. No. of Client Tested for HIV,<br>2. No. of HIV + Clients Identified,<br>3. No. of HIV + Client enrolled in HIV care,<br>4. 95% of HIV + Clients enrolled in care,<br>5. Leprosy Case Identification Rate in the Region,<br>6. TB Cure Rate in the Hospital & Region. |
| Actual Expenditure By End Q4 | 0                                                                                                                                                                                                                                                                       |

|                              |                                                                                                                                                                                                                                                                                                                                                       |
|------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Objective:                   | To have a clean and safe working hospital environment.<br>To minimize factors influencing climate change                                                                                                                                                                                                                                              |
| Issue of Concern:            | 1. Facility based infections and Unsafe working environment.<br>2. Hospital Staff and patients involved in practices and activities that facilitate Climate change.                                                                                                                                                                                   |
| Planned Interventions:       | 1. Provision of safe and clean water,<br>2. Provision of power in the hospital,<br>3. 5S enforcement,<br>4. Occupational health and safety activities,<br>5. Tree planting on the compound,<br>6. Sewerage management and good waste segregation, collection and disposal.                                                                            |
| Budget Allocation (Billion): | 0.436                                                                                                                                                                                                                                                                                                                                                 |
| Performance Indicators:      | 1. 12 Support Supervision to unit/wards,<br>2. Holding Monthly (12) Meetings held.<br>3. 4 Quarterly regional Quality Improvement Committee Meetings.<br>4. Incinerator should be in good working condition.<br>5. All 35 units/departments/ wards should have waste bins.                                                                            |
| Actual Expenditure By End Q4 | 0.4355                                                                                                                                                                                                                                                                                                                                                |
| Performance as of End of Q4  | 1). Safe and clean water was available. 2). Power was available through the quarter in the hospital wards, units and departments. 3). Payments made for Utilities. 4). Incinerator was Functional 5). Waste bins were made in all 35 units/wards 6). Four (4) Quality Improvement Committee Meetings Held. 7). Support Supervision to unit/wards done |
| Reasons for Variations       | NoTrees monitored and maintained as the existing trees were uprooted by unknow people. There were periods of stockout of waste bins                                                                                                                                                                                                                   |
