#### (ii) Matters to note in budget execution

The External Security Organisation is mandated to collect ,receive and process external intelligence about the Security of Uganda and recommend to the President or any other authority as the President may direct on what action should be taken in connection with such intelligence,but the ever soaring exchange rates,limited budget and emergency operations with out budgetary support negatively affected the performance of the Organisation during the third Quarter for FY 2014/2015.ESO'S membership is still a challenge.

The major challenge we face as a vote while compiling reports, is that the OBT tool is manual as to IFMS data and yet much of the transactions are done through IFMS. To transfer the same to OTB, we do it manually.
