| Proportion of departments implementing infection control guidelines | Proportion | 90% | 75% |

Performance highlights for the Quarter

The utilisation and execution of the released funds was generally good achieving 18.2% out of the released 20.5% in Q1. The vote was able to achieve most of its planned targets. Under performance was noted in areas of outpatient, family planning due to stock out of the family planning methods. The unspent balances were due to the incomplete procurement processes and the transition of staff to Human Capital Management (HCM) from IPPS. The Blood Bank construction is on schedule at 87% completion. One motor vehicle was procured and delivered for Blood Bank The evaluation process is on to procure a contractor for the construction of residential buildings for the Blood Bank

Variances and Challenges

1. The Vote is still experiencing insufficient funds allocated to recurrent and development budget. This leads to accumulation of arrears and delayed service delivery, areas like water utilities, cleaning, maintenance of equipment, vehicle repairs are the most affected. Also the cost of operation has increased due inflation like fuel prices.

2. The old water and sewage systems have increased water bills due to both under ground and above the ground leakages, this requires an increase in funds for maintenance (recurrent expenditure)

3. Some structures need renovation and face-lifting like Mental Unit, Orthopaedic unit and others.

3. Some medical equipment are old and non-functional requiring replacement. The insufficient budget funding has contributed accumulation of domestic arrears in essential service areas like water, cleaning, maintenance of equipment, medical stationery, vehicle repairs etc.

4. The Vote kick started a capital development project in FY2022/23 where 1.15Bn was released for the project and the site for the project was cleared by demolishing the old dilapidated structures which were accommodating several wards leading to relocation to other small spaces. Unfortunately in the current FY no funds were released for the project progress. The Vote is currently grappling with space challenges to accommodate the increasing numbers of patients admitted yet space has reduced from 317 beds to 233 beds

Table 4.3: Vote Crosscutting Issues

i) Gender and Equity

| Objective: | To increase access to Maternal and Child Health services. To reduce Gender Based Violence due to inequalities existing among all vulnerable groups and disabled persons |
|-------------------------------|--|
| Issue of Concern: | 1. Poor access to Maternal and Child Health (MCH) services, |
| | 2. Increased presence of Gender Based Violence (GBV), |
| | 3. Lack of equity and fairness in accessing health care services in regard to women, men, boys, girls, elderly and disabled persons |
| Planned Interventions: | 1. Increase access to health care services by gender based violence victims |
| | 2. Build special skills to treat the GBV victims. |
| | 3. Recruit counsellors, mid-wives and obstetricians. |
| | 4. Purchase of Obstetric equipment. |
| Budget Allocation (Billion): | 0.000 |
| Performance Indicators: | 1. Number of children below the age of five served in OPD. |
| | 2. Number of gender based violence victims served |
| | 3. Maternal Mortality Rates (less than 400/100000). |
| | 4. Proportion of budget spent on obstetric equipment |
| Actual Expenditure By End Q1 | 0.122 |
| Performance as of End of Q1 | 1. 2,305 children below the age of five were served in OPD. 2. 217 gender based violence victims served 3. Maternal Mortality Rate for the Vote was (674/100000 Live births) |
| Reasons for Variations | |

ii) HIV/AIDS

| Objective: | To reduce the high loss to follow-up of HIV positive men, women and children To reduce the high burden of HIV among all age groups and gender To counsel, test and treat all the people tested positive for HIV |
|------------------------------|---|
| Issue of Concern: | High HIV infection rate and loss to follow-up |
| Planned Interventions: | Provide HCT for children, men, women and elderly persons To treat all HIV+ pregnant mothers Conduct Routine monitoring of positive patients Identification through APN, SNS and index contact tracing Promote ABCD as prevention strategy |
| Budget Allocation (Billion): | 0.650 |
| Performance Indicators: | Number of clients tested for HIV. 100% of HIV+ pregnant mothers enrolled on treatment/care Less than 2% HIV sero-prevalence rate among children, women and men 95% and above of clients on treatment have suppression |

| Actual Expenditure By End Q1 | 0.194 |
|-------------------------------|---|
| Performance as of End of Q1 | 4,091 clients were tested for HIV. 2. 100% of HIV+ pregnant mothers enrolled on treatment/care 3. Less than 2% HIV sero-prevalence rate among children, women and men 4. 98% and above of clients on treatment have suppression |
| Reasons for Variations | |

iii) Environment

| Objective: | To increase the tree cover and reduce environmental pollution and degradation through urbanization To observe strict standard operating procedures in the hospital and health facilities in the region. |
|------------------------------|--|
| Issue of Concern: | Reduced tree cover and increased environmental degradation and pollution Poor hygiene and bad environmental practices leading to hospital acquired infections |
| Planned Interventions: | Plant 10 trees for each tree cut around the hospital Waste segregation and disposal |
| | 3. Strengthen infection control and prevention with functional committees |
| Budget Allocation (Billion): | 0.000 |
| Performance Indicators: | 1. No. of trees planted for each tree cut around the hospital |
| | 2. No. of sepsis cases reported in the hospital |
| | 3. No. of infection control and prevention committee meetings held |
| | 4. No. of health education and promotion conducted |
| Actual Expenditure By End Q1 | 0.044 |
| Performance as of End of Q1 | 1. No tree was cut down around the hospital 2. 73 sepsis cases were reported in the hospital 3. 3 Infection |
| - | Prevention and Control Committee meetings held 4. 20 health education and promotion talks were conducted |
| Reasons for Variations | |

iv) Covid

| Objective: | 1. To prevent the spread of Covid-19 infections in the hospital and in the community in order to reduce morbidity and fatality rate of not more than 4% arising from the Covid-19 pandemic. |
|------------------------------|--|
| Issue of Concern: | Laxity in the population to observe the recommended preventive measures against Covid-19, sickness and death and fear of the new wave of Corona Variant. Finding alternative space for management of covid-19 cases apart from mental health unit |
| Planned Interventions: | Strict observation of SOPs in the facility and availability of personal protective equipment and infection control and prevention supplies. Relocate Covid-19 treatment center to an alternative space to avail the space for mental patients |
| Budget Allocation (Billion): | 0.500 |

Quarter 1

VOTE: 406 Hoima Hospital

| Performance Indicators: | Mortality not exceeding 4%. No. of staff trained No of PPE procured and distributed to staff No. of media programs held No. of patients screened and tested, No. of patients in home based care. CTU relocated to alternative space |
|------------------------------|---|
| Actual Expenditure By End Q1 | 0.114 |
| Performance as of End of Q1 | 1. Zero Mortality achieved. 2. Several staff trained 3. Assorted personal Protective Equipment (PPEs) were procured and distributed to staff 4. 1 media program held 5. 39 patients were screened and tested, 6. No patient under home based care. 7. COVID-19 Treatment Unit (CTU) was closed |
| Reasons for Variations | |
