**Quarter 1** 

#### Performance highlights for the Quarter

The Commission facilitated at the Local government budget regional workshops where 24 meetings were attended to discuss local government financing like the stagnant unconditional grants amidst changes in costs of living and lack of the equalization grant because DDEG is not catering for equalization like stipulated in the Constitution

The Commission facilitated negotiations between 9 Ministries in the various programs and Local governments catering for equitable distribution of resources and ensuring the decentralized services are fully funded. e.g.

In the agriculture sector it was agreed the program would come up with alternative ways of livelihood where people could be facilitated and supported in other complementary livelihood projects such as cage fish farming so that the poverty burden can be reduced by venturing in other economic activities

To support the children in school it was agreed that MoFPED was to increase capitation for the UPE and USE in line with the program target as agreed in the Program operation manual for UGIFT from the current 17,000 per child per year because it was inadequate for service delivery MoES undertook to increase the grant for children with special needs because the current funding of 22,000 for primary and 192,000 for secondary was inadequate to support the children the increment for capitation for the UPE and USE would be as per the program targets agreed in the Program operation manual for UGIFT.

it was noted that the youth from the Municipalities were not being represented in the youth council and this was because of the Act that needed to be amended to include the municipalities. To this the Ministry of gender labor and social development agreed to spearhead the amendment of the Act to cater for youth, older person etc. in the Municipalities

### Variances and Challenges

No releases were made for development budget hence planned activities' were not implemented

### i) Gender and Equity

Objective:	Negotiate on gender and equity enhancing conditional grant funded programs between MDAs with Conditional grants and local governments
Issue of Concern:	Inadequate of gender and equity issues in planning and budgeting leading to wide economic social inequities.
Planned Interventions:	Review grants allocation formula & models in light of sector policies to in-build crosscutting issues like poverty, HIV/AIDS, gender & environment Negotiate on gender-enhancing conditional grant funded programs between MDAs with Conditional grants
Budget Allocation (Billion):	0.250
Performance Indicators:	Number of Recommendations and undertakings implemented from the Conditional grants negotiations
Actual Expenditure By End Q1	0.150
Performance as of End of Q1	The Commission facilitated meetings with the 9 Ministries in the various programs catering for equitable distribution of resources and ensuring the decentralized services are fully funded. In the agriculture sector it was agreed the program would come up with alternative ways of livelihood where people could be facilitated and supported in other complementary livelihood projects such as cage fish farming so that the poverty burden can be reduced by venturing in other economic activities To support the children in school it was agreed that MoFPED was to increase capitation for the UPE and USE in line with the program target as agreed in the Program operation manual for UGIFT from the current 17,000 per child per year because it was inadequate for service delivery MoES undertook to increase the grant for children with special needs because the current funding of 22,000 for primary and 192,000 for secondary was inadequate to support the children the increment for capitation for the UPE and USE would be as per the program targets agreed in the Program operation manual for UGIFT.
