VOTE: 409 Masaka Hospital

Quarter 1

Performance highlights for the Quarter

Irrespective of the budget shortfall the entity delivered services as planned. The biggest challenge is lack of oxygen due to a break down of the oxygen plant necessitating ferrying oxygen from Kampala which is expensive. The entity also continues to experience shortage of supplies especially PPEs.

Variances and Challenges

There was no release of capital development budget in the quarter which led to failure of resumption of works on the MCH building and slow down on the staff quarters building. Reduction in cash limits for non-wage recurrent resulted in unpaid commitments. There was also failure to clear gratuity because the release was inadequate.
