Performance highlights for the Quarter

Inadequate funding for capital development projects - Surgical complex, medical equipment, Renovation of dilapidated wards and staff quarters

Variances and Challenges

The Hospital is overwhelmed by the number of inpatients which is due to poor management of referral system in the Mt. Elgon Region. The available resources cannot adequately handle these patients. The drugs and sundries are inadequate and yet most of our patients cannot afford to procure from private drug shops. The water budget cannot handle the consumption and yet our patients use a lot of water. The Immigration of payroll management from IPPS to HCM affected payroll management.

Delay between MOF and BOU to clear payments on IFMS

- Failed to have every pensioner on the HCM payroll
- -Beneficiaries of Gratuity took long to appear on HCM paying system. The system could not allow to pay more than once
