## Variances and Challenges

Variances in budget performance;

- The Ministry recorded the highest absorption in non-wage (97.4%) followed by wage (93.9%) and lastly in development (0.0%)
- The Ministry didn't spend any funds under the development budget category due to the delays in commencement of procurement for renovations of Ministry premises as well as procurement of motor vehicles, assorted furniture and ICT equipment required by Ministry staff.
- The unspent balances under non-wage were as a result of delays in the processing of gratuity payments of newly retired staff.
- The unspent balances under wage was due to the unfilled positions within the Ministry structure as the recruitment of Community service staff is still on-going.

Challenges;

- Low release of Q2 funds which hindered implementation of Ministry programs such as supervision of community service orders, support to Trafficking in persons cases under investigation, carrying out alert inspections as well as conducting of inspections on the use of commercial explosives
- Implementation of the EGP system across government delayed the finalisation of most procurements due to the slow adoption and usage by service providers.
