#### **V3: VOTE MEDIUM TERM PLANS**

### Planned Outputs for FY2023/24 and Medium Term Plans

| FY2022/23 |                 | FY2023/24 |                   |
|-----------|-----------------|-----------|-------------------|
| Plan      | BFP Performance | Plan      | MEDIUM TERM PLANS |

Programme Intervention: 12030105 Improve the functionality of the health system to deliver quality and affordable preventive, promotive, curative and palliative health care services focusing on:

### **VOTE: 401**

### **Mulago National Referral Hospital**

Provide specialized health care services in the areas of i Internal medicine ii Surgery iii Pediatrics

iv Diagnostics

v Research and Training vi Rehabilitation Provide hospital administration and support

services Continue with the construction of staff houses Acquire more specialized medical equipment Maintain the existing transport, medical, laundry, kitchen and office equipment Continue with the renovation of Upper or Old Mulago Manage human resources for health

Acquire specialized medical supplies not provided by NMS

Capitalize on health information management system

1. Support to specialized unit to enforce and implement unit specific SOPs and treatment protocols

2. Monitored and supervised the ongoing construction of 150 staff housing units.

3. Appropriate waste management meetings and disposal services for both medical and domestic wastes.

4. Mitigate occupational hazards and improve safety through availing PPEs and training on ISO 9001 Quality Management Systems standards.

5. Health education programs in community for disease prevention.

6. Support to hospital grants application process

7. Support to establish partnerships with implementing partners in the area of Malaria, Tuberculosis, HIV and NCDs.

8. Review memoranda of understanding with stakeholders

9. Facilitated 02 proposals development processes

10. Continuous professional development supported through sponsorship, fellowship, CMEs, attachment, etc

11. Maintenance, repair and Support Services for Machinery, Equipment, vehicles and furniture scheduled.

12. Leadership and management capacity for provision of health care strengthened.

13. Review of the governance structures of the hospital ongoing 14. Functionalized the Hospital Board and committees, their activities facilitated.

1.Governance, Leadership and Management

a. Develop and submit the principles for Mulago National Specialized Hospital to MoH

b. Strengthen functionality of the Board and committee through periodic

c. Schedule stakeholders' meetings and (JCI) Directorates open days

2. Prevention and Control of Communicable and Non communicable diseases

a. Acquire medical supplies for super specialized services

b. Support quality management the different ward units and in the systems and attain ISO accreditation c. Increase the range of super

specialized services such as organ transplant

d. Partnership with implementers in the areas of Malaria, TB, HIV and NCDs

e. Advanced nutritional support

f. Strengthen a filter clinic at Upper Mulago

g. Operationalize Mulago National Isolation Unit for management of epidemics

h. Strengthen Infection Prevention and Control

i. Health education for disease prevention

i. Improve customer care and brand management

3. Expand the functionality of infrastructure

a. Acquire specialized equipment to increase profile of services eg ENT, laparoscopy tower, interventional radiology

b. Strengthen the Placement of equipment scheme

c. Regular maintenance and service contracts for equipment

d. Facilitate ongoing construction of 150 staff housing units

e Maintenance of buildings and plants f Acquire Solar systems

4. Improve the functionality of the health system

a. Scaleup coverage of IHMS to 80%

1. Improve on Governance, Leadership and Management.

Establish Mulago National Referral Hospital and Mulago National Specialised Hospital

2. Improve on service delivery.

Attain other service accreditation schemes such Joint Commission International

Increase the range of specialized services such as organ transplant (renal liver, cornea, stem cell), arthroscopic, reconstructive, laparoscopic surgeries, geriatric medicine, intraoperative imaging, immunogenetics, forensic medicines, immunology and genetics DNA, Nuclear Medicine, Peadiatric nephrology, endocrinology, etc

3. Expand the functionality of infrastructure through

Procure more equipment to bridge the gaps or replace the obsolete ones.

Upgrade the existing equipment.

4. Strengthen hospital capacity for research.

Establishment of a research hub

Conduct clinical trials

5. Enhance staff productivity.

Strengthen performance evaluation standards

Capacity building especially in the areas of super specialization

Strengthen welfare schemes for employees

Attract and retain staff in specialized services

Train staffs in grants proposal writing

Support fellowship in the areas of specialized health care.

6. Strengthen the digitization processes in the hospital

Link IHMS to other National and Regional Referral Hospitals

Linking telemedicine to International Hospitals in India, USA, United Kingdom etc.

7. Improve the revenue base to support super specialized services

Scaleup paid for services in platinum and gold wings

Automate the revenue collection

a. Scaleup coverage of IHMS to 80. Automate the revenue collection b. Support ICT training platforms emechanisms to improve efficiency simulation labs, telemedicine, vide• Scaleup uptake of Insurance so in PPS. conferencing in theaters c. Acquire more ICT equipment. Establish a hospital grants offi 5. Strengthen capacity for research training 8. Increase Health supplies and commo a. Review MoU with enhanced through collaboration and partnership Supplies for super specialized b. Support operational research and services procured e.g. titanium mesh fo training neurosurgery, orthopaedic implants, IC c. Establish clinical trials unit drugs and supplies etc. d. Strengthen student coordination Increase supplies for dialysis, office diagnostics, theatre and specialized clir 6. Improve revenue base a Scaleup paid for services in Platin and Gold wings b Scaleup Insurance scheme in PPS c Automate revenue collection for efficiency d Grants and proposal development 7. Attract, motivate, develop and re HRs for health.

#### **V5: VOTE CROSS CUTTING ISSUES**

### i) Gender and Equity

| OBJECTIVE                          | Accessible National Referral Health services to all irrespective gender, age, sex and sexual orientation, socio economic status  |
|------------------------------------|--|
| Issue of Concern                   | Improve accessibility for all  |
| Planned Interventions              | Provision of elevators, gender specific wards and sanitary facilities, walk ways, patient trolleys and wheel chairs.   |
| <b>Budget Allocation (Billion)</b> | 1.5  |
| Performance Indicators             | 1) Elevators serviced, maintained and in use. 2) Gender specific wards and sanitary facility equipped with sanitaries. 3) Rollaway hospital beds, patient trolleys, wheel chairs and stretchers in place 4) Walkways maintained 5) Training in sign language |

#### ii) HIV/AIDS

| OBJECTIVE        | Provision of improved HIV prevention, care, treatment and research. |
|------------------|---|
| Issue of Concern | HIV prevention, care, treatment and research.                       |

| Planned Interventions       | Partner with established HIV clinics / institutions for prevention, care, treatment and research. Positive cases linked to the HAART Clinics. Psycho-social support to the HIV positive. Awareness. Voluntary testing, guidance MARP clinic for most at risk |
|-----------------------------|--|
| Budget Allocation (Billion) | 0.09   |
| Performance Indicators      | Post Exposure Propelaxis (PrEP) to 100% exposed staffs. Valid partnership with TASO, IDI, and MJAP for adults; Baylor College of Medicine for Pediatrics. Condoms procured and served in all washrooms. HIV awareness  |

### iii) Environment

| OBJECTIVE                          | Conservation of the environment  |  |
|------------------------------------|--|--|
| Issue of Concern                   | Conservation of the environment  |  |
| Planned Interventions              | Efforts to protect the environment by reducing use of biomass, proper management of hazards waste, Radiation measures for protection against radiation.  Protection of the green cover Smart cooking   |  |
| <b>Budget Allocation (Billion)</b> | 2.6  |  |
| Performance Indicators             | Cleaning services outsourced, monthly cleaning reports produced. Used machineries, tools and equipment disposed as per ISO requirements. Staffs from all units trained in Environment, Health and Safety Management System standards. Gazetted green zones |  |

### iv) Covid

| OBJECTIVE                          | Covid-19 spread and cross-infection   |  |  |
|------------------------------------|---|--|--|
| Issue of Concern                   | Inadequate space leading to overcrowding, Health workers getting infected while at work, inadequate Persona Protective Equipment (PPE), Rampant wide spread community infections.   |  |  |
