Performance highlights for the Quarter

a) Wage Expenditure: UGX 0.964bn in wages remained unspent. Whereas there exists vacant positions in the Directorate that are yet to be filled, even the newly promoted immigration officers have not all fully accessed

their new salary scales owing to challenges encountered on implementation of HCM.

b) Non-Wage Recurrent expenditure: UGX 6.475bn remained unspent as a result of delays in the procurement process for recurrent budget activities. Therefore, most of the planned activities will be fully implemented in Q4.

c) Development: UGX 2.288bn in development budget remained unspent due to the delayed procurement of cars and land.
d) Non Tax Revenue (NTR): The NTR projection for the FY 2022/23 is UGX 360.2bn, and cumulatively at the end of Q3, NTR generated was UGX 254.809bn was collected, a 70.7% of the annual projection.

f) Other Performance(cumulative)

i) 4,508 immigrants investigated, 154 regularized their stay, and 377 were removed.

ii) 153 suspects arraigned in court, 144 were convicted and fined, 9 cases are still in court

iii) 135 appeal cases verified/investigated and processed for the Hon. Ministers action.

iv) 100% clearance of all travelers at all gazette border entry/exit points (a total of 2,950,648 travelers comprised of 1,363,429 arrivals and 1,587,219 departures

v) 659 snap checks carried out in which 2,196 irregular immigrants were intercepted, some forwarded to courts for prosecution and others returned to their country.

vi) 81 border surveillance operations conducted; intelligence gathered informed patrols/snapcheck

vii) 100% of applicants for immigration facilities processed. (Work permits-9,410 Dependent pass-5,355, Student passes-9,449, Certificate of residence-944).

viii) 97.4% applic'ns for dual citizenship processed -1406 granted

ix) 273,871 passport applications received, 252,440 citizens issued passports

xi) 240,000 e-passports were procured and delivered.

xii) 1,617 eligible refugees issued Conventional Travel Documents

Variances and Challenges

Quarter 3

1. Polycarbonate Passports: During the quarter, the Directorate completed the upgrade of the current paper-based e-passports to polycarbonate epassports. This upgrade ensures enhanced security features, durability as well as conforming to the standards requirements of the EAC and ICAO. However, the upgrade comes with a lot of requirements in terms of consumables for standardized printing.

2. In terms of financing, DCIC received the 3rd quarter expenditure limit to carry out planned activities. However, the cash limits were not adequate to procure sufficient passport booklets. Up to the end of Q3, the request for a supplementary budget to procure passports has not been approved, and yet we have virtually issued all the 240,000 passport booklets procure earlier in the FY. Given the increased demand for travel documents, its expected that DCIC will run out of passport booklets before end of this quarter.

3. Inspite of recruitment on promotion of 80 immigration officers, a number of vacant positions still remain unfilled hence there are notable staffing gaps in areas of immigration inspectors at regional offices to carry out enforcement of compliance to immigration laws.

4. There was delayed operationalization of the regional e-passport enrollment centers of Arua and Jinja occasioned by the delayed delivery of systems and equipment by the service provider. Also, the commissioning of the e-passport system in Beijing was delayed due to the Covid restrictions in China.

5. The continued insecurity in the Democratic Republic of the Congo/Uganda borderline and parts of Karamoja continued to negatively affect immigration border patrols, snap checks and surveillance.
