Performance highlights for the Quarter

Budget Issues to Note in Q2

Variation on Wage:

By end of Q2 of the FY 2024/25, UGX 9.259 Billions only had been spent under wages representing 93.3% of the released amount. The unspent balance was due to the unfilled positions and non-utilization of the mass renewal wage funds for Registration Assistants and Data Processing Officers Variation on Non-wage:

UGX 21.761Billion was spent by the end of Q2 of the FY 2024/25 out of 70.706Billion released, representing 82.0% of the released amount. This was attributed to the delay in the completion in development of the new system.

Variation on Development:

There was no money spent by the end of Q2 of the FY 2024/25 out of 86.295 billion released. This was attributed to the delayed execution of the mass enrollment exercise.

2. Printed 20,938,867NID cards since inception.

3. Issued 17,789,393NID cards since inception.

Variances and Challenges

1. Delayed implementation of the Mass Enrolment and Renewal exercise affected budget absorption and overall outputs against the targets.

2. Budget cut of UGX 24.767 billion that left the Authority with a number of unimplemented critical items

3. Under funding of civil registration services negatively affected the provision of the services wherever there were no Development partner interventions.

- 4. Quarterly internal audit and M&E field visits were not conducted due to insufficient funds, affecting financial oversight and risk management
- 5. Limited Public Sensitization & Outreach Activities about the mass enrollment and renewal of national IDs
