## VI. VOTE NARRATIVE

### Vote Challenges

Inadequate resources to monitor the Cabinet decisions passed to ascertain the extent of implementation in order to provide guidance to Cabinet for informed decision making

The ever increasing mandate of the office as a result of the persistent spread of COVID 19 and yet with limited resources for overall coordination across Government

Inadequate infrastructure at the National leadership institutes to effectively facilitate Public Servants with strategic leadership skills and policy management of Government Programs

The dwindling stock of medals for the various categories, especially the ones for visiting Heads of State for which there is none right now. This could lead the Country and the Head of State into embarrassment should the need to decorate a visiting head of State arise

Limited resources to facilitate Residential District Commissioners and Presidential Advisers with transport equipment to enable their effective and efficient delivery of services

### Plans to improve Vote Performance

Office of the President will operationalize the Apex forum and strengthen Oversight function so as to hold institutions accountable for results
