(ii) Matters to note in budget execution

The major challenge in budget execution has been:

- 1. Delayed planting due to the late on set of the rains. This resulted into delayed submission of returns from the Districts. The funds for seedlings will be absorbed in the 3rd quarter.
- 2. The tissue culture contract has not performed as expected due to the slow biological process of generating the seedlings.

coffee. This represents a 95% performance. Compared to the is first half of FY 2014/15, the volume of coffee exported in the 6 months period increased by 24% from 1.464 million bags in 2014/15 to 1.823 million bags in 2015/16. This was on account of favorable weather.

VALUE OF EXPORTS

The cumulative target of value of coffee exported in the first half of the FY 2015/16 was US\$ 249,588,000. The actual value of exports realized was US\$ 185,445,000.
