Central and Local Governments**

RE: BUILDING OF AN INDIGENOUS MOTOR VEHICLE INDUSTRY

H.E. The President has emphasized the need for Government to rethink the practice of importing built up vehicles, knockdown vehicles as well as the assembled ones.

To this end, for any planned procurements of buses of different capacities, you are urged to place orders for supply from the local vehicle industry. This is aimed at promoting the locally manufactured motor vehicles, enhancing local skills and employment opportunities whilst building the economy. This is also in line with the Buy Uganda Build Uganda (BUBU) Policy whose resultant effect will be a saving on outward foreign exchange flows related to these imports.

The purpose of this letter therefore, is to convey the directive and to implore you to place orders for buses from local manufacturers as first priority.

Patrick Ocailap
